

## Reference List Academy of Chiropractic Orthopedists

In addition to the published reference list, the candidate will need to consider relevant journals, websites and current events in health care.

The following textbooks are a guide only, other books may be used for reference, these are considered the basic texts and may not be all inclusive of all testing material.

### **Examination:**

**A Guide to Physical Examination and History Taking.** Bates and Hoekelman;  
Lippincott

**Physical Examination of the Spine and Extremities.** Hoppenfeld; Appleton-Century-Crofts

**Orthopedic Neurology.** Hoppenfeld; Appleton-Century-Crofts

### **Diagnostic Imaging:**

**Clinical Imaging.** Marchiori; Mosby

**Essentials of Skeletal Radiology.** Yochum and Rowe; Williams and Wilkins

**Musculoskeletal MRI.** Berquist; Lippincott

### **Orthopedic Testing:**

**Illustrated Orthopedic Physical Assessment.** Evans; Mosby

**Rehabilitation:**

**Sports Injury Prevention and Rehabilitation.** Joyce and Lewindon; Routledge

**Rehabilitation of the Spine: A Practitioner's Manual.** Liebenson; Lippincott
